

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

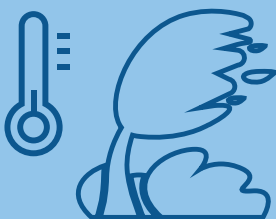

How to Act IN CASE OF A FLOOD

Remove substances that may react with water, such as poisons, acids, or corrosive materials

Monitor the weather and news reports

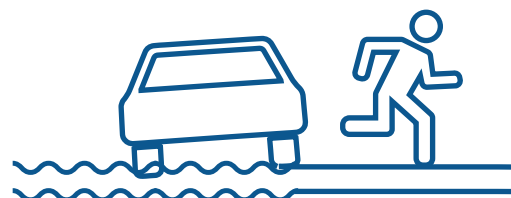

Do not drive through flooded roads if you do not know the depth of the water

Call 112 from a safe location

Quickly exit a vehicle being flooded by water

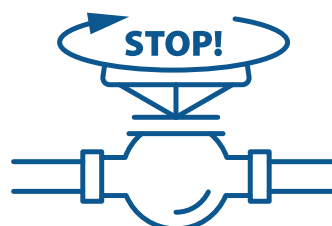

If you are in a time-sensitive situation during a flood:

Immediately stop all activities and go to a safe place (a hill or elevated area)

If you have more time:

Turn off electricity, gas, and water

Close all windows

Prepare an evacuation bag

Avoid traveling to high-risk areas

Inform your neighbors and help those in need

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

If you witness A TERRORIST ATTACK

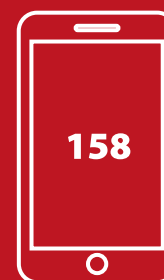

Quickly leave
the endangered area

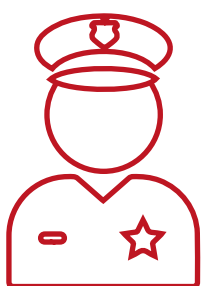

Take shelter in a suitable
building and remain calm

Call 158 or 112; otherwise,
avoid unnecessary calls

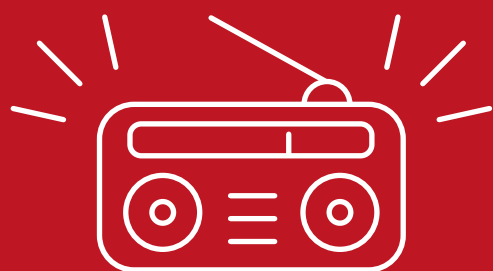

Follow the instructions issued
by authorized personnel

If you are not endangering yourself,
assist those in need

Follow information on official
communication channels

Do not share video or image
records on social media,
they may be MISUSED

**DON'T
SHARE**

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

How to Act IN CASE OF AN ACTIVE SHOOTER THREAT

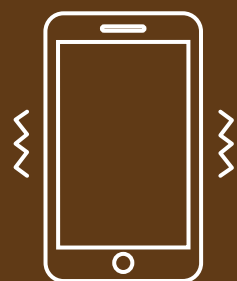

RUN

If you have
the option to use
an escape route,
run

Take only your phone
and switch it
to silent mode

Warn others
not to enter
the danger zone

Help others escape
if it does not
endanger
your own safety

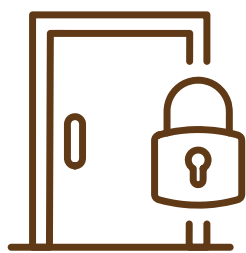

HIDE

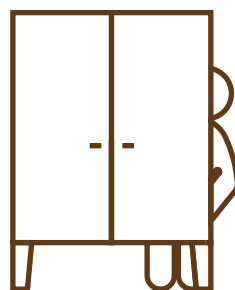

If you cannot run,
hide in a safe place

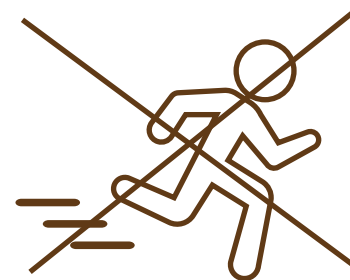

Lock the door
and leave the key
in the lock

Hide behind large,
solid objects

Do not leave
the safe place

FIGHT

In case of imminent
threat to life, fight

Use objects around you
as weapons, such as a stick,
belt, keys, kettle, knife,
fire extinguisher, hanger...

Be aggressive, act quickly
and violently,
target sensitive areas

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

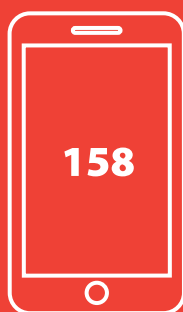

How to Act DURING A BOMB ATTACK

If you are in a building under threat, leave it quickly and safely

Call 158 or 112; otherwise, avoid unnecessary phone calls

If you are not endangering yourself, provide assistance to those in need

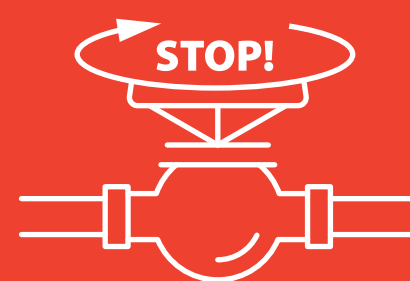

Do not use open flames or turn on electrical appliances

Protect your airways

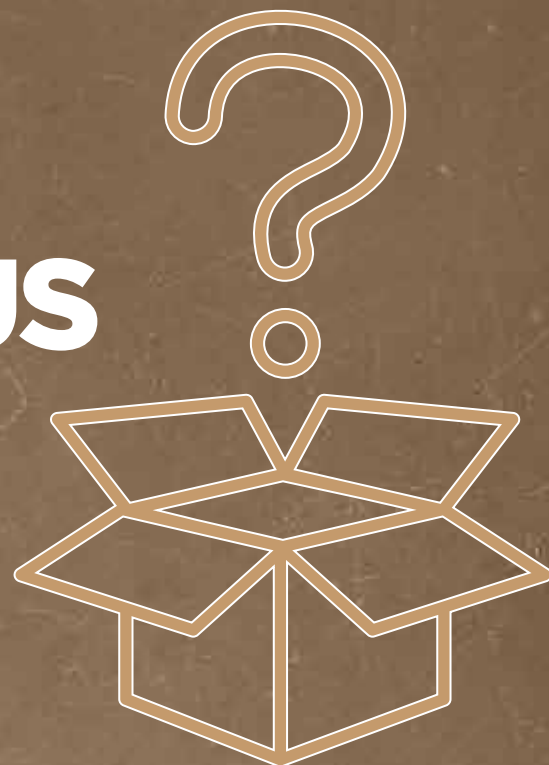

If possible, shut off the main gas and electricity supplies

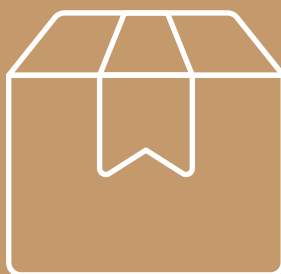

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

How to Act Upon RECEIVING A SUSPICIOUS PACKAGE

Do not open or shake the
package

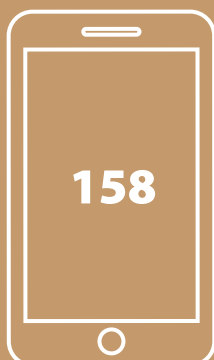

Leave the room
and secure it

Wash your hands
with water and soap

Call 158 or 12

Follow the instructions
of emergency services

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

How to Act Upon Receiving A BOMB THREAT OR NOTIFICATION OF AN EXPLOSIVE IN A BUILDING

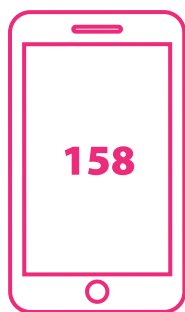

Take all personal belongings and documents with you

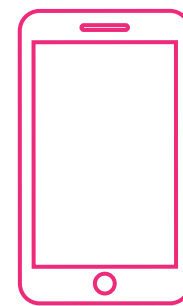

Leave the building and follow evacuees as directed by authorized personnel

If emergency services are not present, call 158 or 112

Notify the company's statutory representative, the institution's director, and other companies in the building

Wait for further instructions

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

How to Act in Case of A HAZARDOUS CHEMICAL SPILL

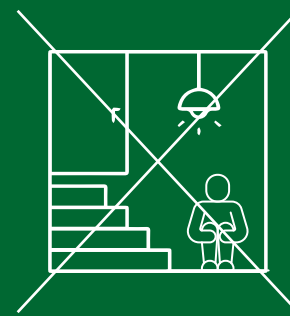

Quickly leave
the affected area

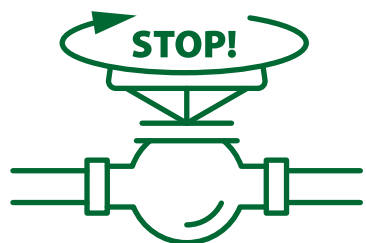

Create an isolated space and
prevent air ventilation

Never hide in basements or
depressions in the terrain

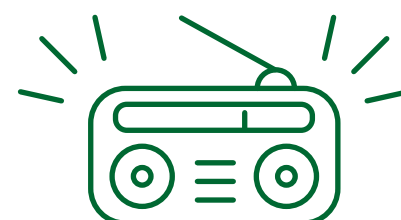

Extinguish any open flames
and turn off the gas

If it does not endanger you,
assist others in need

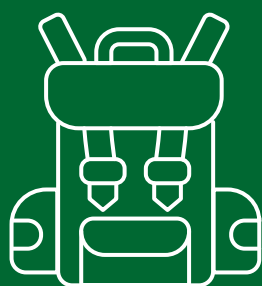

Follow information
from official
communication channels

Protect your airways
and eyes

Prepare
an evacuation bag

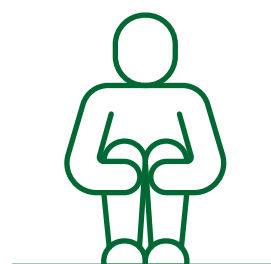

Avoid unnecessary
phone calls

Feed and water your pets,
and place them
in transport carriers

Wait
for further instructions

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

How to Act in Case of A HAZARDOUS BIOLOGICAL SUBSTANCE LEAK

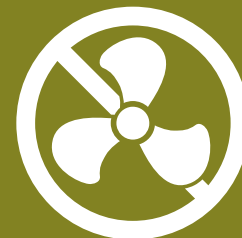

Quickly leave
the affected area

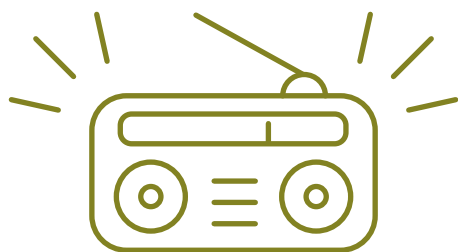

Follow the instructions
of authorized personnel

Create an isolated space
and block air ventilation,
regularly disinfect
the area

Monitor information
through official
communication channels

Strictly adhere
to quarantine hygiene,
anti-epidemic, and anti-epi-
zootic measures

Do not use water from
unknown sources; create
reserves, boil water
or purify it chemically

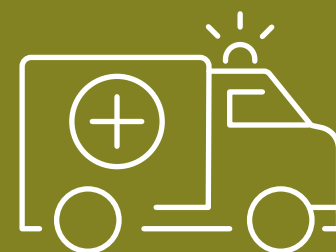

Store food and water
in airtight, disinfected
containers

Maintain personal hygiene
and avoid touching
suspicious objects

If you show symptoms
of illness, seek medical
assistance immediately

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

How to Act in Case of A HAZARDOUS RADIOACTIVE SUBSTANCE LEAK

If you are outside, immediately find the
nearest building and shelter
in a sealed room

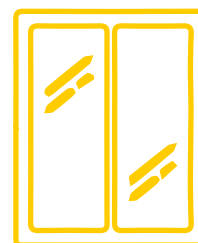

If you might have come into contact with radioactive substances before sheltering:

Before entering the building,
place contaminated outer
clothing and shoes in an
airtight bag and do not use
them

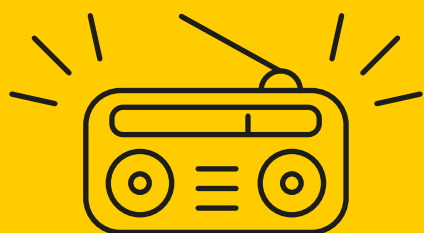

Thoroughly wash your
hands, face, and hair, rinse
your eyes and mouth, and
clean your nose and ears,
shower the rest of your body

Seal and secure windows
and doors, preventing
air circulation

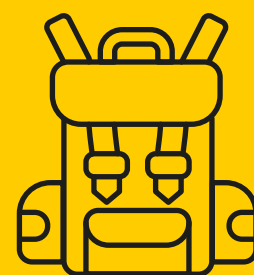

Follow information
on official communication
channels

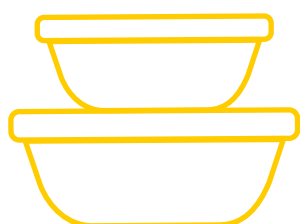

Prepare improvised
protective equipment

Prepare
an evacuation kit

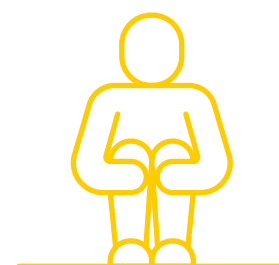

Store food and water
in airtight containers

Feed and water your pets,
placing them in transport
boxes

Wait
for further instructions

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

How to Act in Case OF A TRAFFIC ACCIDENT INVOLVING HAZARDOUS SUBSTANCE LEAKAGE

Park the vehicle in a way that
it doesn't block the road

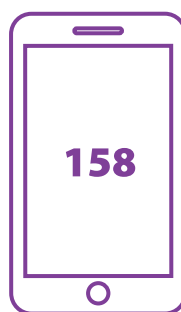

Protect your airways using improvised
protective tools

Turn off the engine and
immediately leave
the contaminated area

Call 112

Follow the instructions
of the rescuers upon their
arrival

Do not approach
the vehicle leaking
hazardous substances

Avoid touching hazardous
substances or
contaminated items.

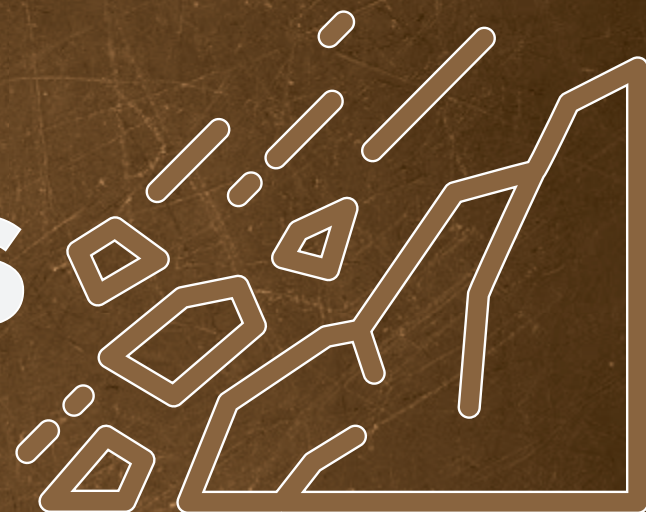

Wait for further
instructions

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

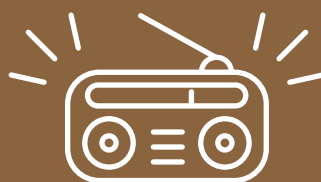

How to Act During LANDSLIDES AND MUDFLOWS

The greatest risk of landslides occurs during heavy and prolonged rains, especially when the soil is saturated with water

Follow information from official communication channels

Watch for unusual environmental sounds (cracking trees or rocks), sudden changes in water level, and visible changes in the ground surface

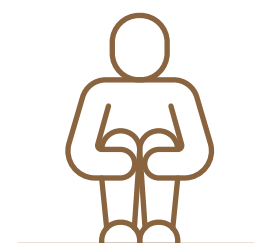

If you notice any changes, call 112

Provide help to those in need

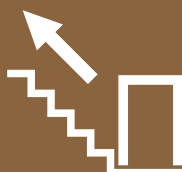

Wait for further instructions

If you are indoors:

Stay as far away as possible from potential danger areas and remain on higher floors

Take shelter under a sturdy piece of furniture

Move out of the path of the landslide and mudflow

Find the nearest elevated area outside the landslide and mudflow path

If escape is not possible, take cover behind a group of larger trees or another solid mass

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

How to Act During A STORM OR STRONG WIND

Avoid leaving your home
unless necessary

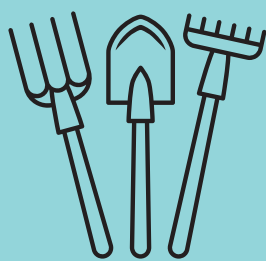

Do not stay
in open areas

Close and secure windows

Remove loose objects
from yards

Do not park under trees
or near unstable buildings

Secure your pets

Avoid moving around
in mountains and parks

Do not drive lightweight
or empty trucks in open
windy areas

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

What to Do IN CASE OF A FIRE

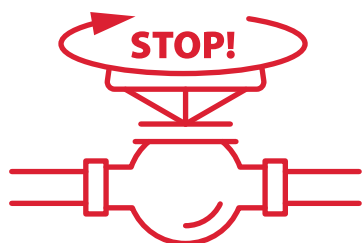

Report the fire without delay
from a safe location
by calling 150 or 112

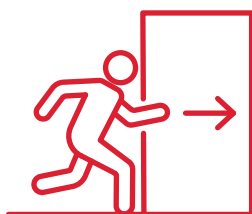

If possible, extinguish
the fire or take necessary
measures to prevent
its spread

Shut off the gas
and electricity supply

Immediately evacuate the
endangered area

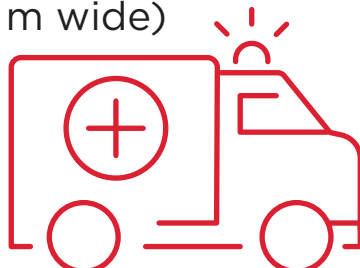

Inform people who may be
at risk from the fire

If it does not endanger you,
provide assistance to those
in need. Evacuate animals
and take valuables with you

Clear access roads
for emergency services
(at least 3 m wide)

Upon request from the
intervention commander,
fire protection unit leader,
or mayor, provide material
or personal assistance

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

Recommendations for Citizens DURING HEATWAVES

Stay in the shade
if possible

Maintain proper
hydration, eat lighter
and dress comfortably

Refresh yourself with
a lukewarm shower at least
once a day

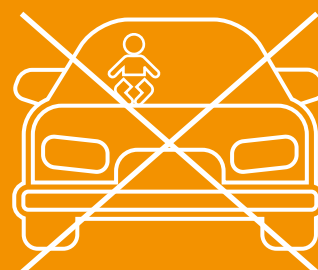

Ensure adequate water
for animals and allow them
to shelter from direct sunlight

Protect homes and workplaces
from direct sunlight through
windows or skylights

Never leave children or animals
in parked cars

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

Recommendations for Citizens DURING EXTREME COLD WEATHER

Wear multiple layers of clothing, warm socks, a hat, a scarf, and gloves. Outerwear should be wind, rain, and snow-resistant. Keep spare dry clothes at hand in case of wetness.

Do not touch frozen metal objects with bare hands or other parts of your body

Regularly moisturize your hands and face, and use lip balm

Avoid staying outside in freezing air for too long

Protect your pets from the cold

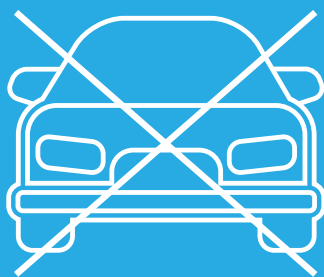

MINISTRY
OF INTERIOR
OF THE SLOVAK REPUBLIC

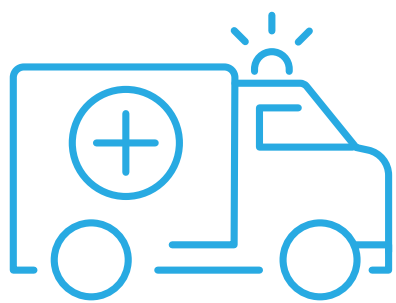

Recommendations for Citizens During **HEAVY SNOWFALL**

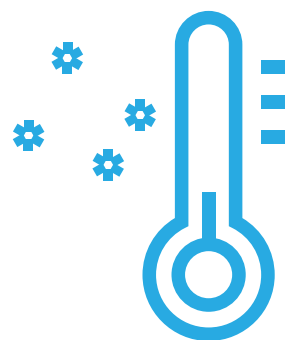

Limit automobile travel to
avoid the risk of vehicles
getting stuck

Do not block cleared roads
to ensure passage
for emergency services

Monitor weather reports
and news updates

Avoid parking under trees
or near unstable structures

Ensure the safety
of your pets
